MGA NEWS & VIEWS

We played a round on a weekend in mid-April and were amazed again by the spring colors that infuse the Forest Ridge golf course. Beautiful red bud trees nestled here and there in the woods and the absolutely stunning dogwood behind the green on the 13th hole.

We saw a wild turkey in front of the tee box on the 16th, a black snake on the cart path by the 15th and a water snake in the creek before the 18th tee box. Every night the coyotes begin their songs early in the evening. Numerous deer feed alongside the fairway on five in the early morning.

What a joy and privilege to live and play in Forest Ridge!
