

HOLE-IN-ONE CLUB

The **FRGC/MGA** sponsors an annual hole-in-one club, which members may participate in on a voluntary basis. Members who wish to participate must pay a fee of **\$10**, above and beyond the annual membership dues of **\$40**. This fee is due and payable at the same time as the membership dues, and covers the same annual period from October through the following September. Members who initially choose not to participate, may elect to do so at a later date, however the initial fee will still be **\$10**, and will only cover the remaining events through September.

The hole-in-one fees will accumulate into a pool, which will be awarded to a participating member who has had a hole-in-one in any of the **FRGC/MGA** sponsored events during the annual period. In the event there is more than one hole-in-one, the pool will be divided equally on a prorated basis. Prizes will be awarded in the form of pro shop credit equal to the winner's prorated share, The maximum accumulated hole-in-one fees, or **\$750** credit, whichever is less. The results will be announced during the annual **Awards Banquet and Membership Meeting** normally held in September.

If no one scores a hole-in-one during the year, **50%** of the pool will carry over into the pool for the following year, and the remainder will be retained by the club for operating expenses, etc. If this occurs, members may renew their participation for the following year at the discounted, annual rate of **\$5**. The fee for new participants will be **\$10**. If someone does collect the prize, the fee for the following year will again be **\$10** for everyone.
